

## 2019 REORGANIZATION

Throughout 2019, we will be moving and reorganizing materials in the stack tower to reduce crowding and make the collection easier to use. As this process moves forward, we will update locations on the stack guides and maps once a week.

Between weekly updates, some locations may be temporarily inaccurate. If you have trouble finding a book, please ask for assistance at the service desk in the nave, call 203.432.1775, or use the “Request recall or delivery” option in the online catalog.

Thank you for your patience during this reorganization.

## TIPS

Access Mezzanine (M) floors by using the stack elevators or stack stairways

Oversize (+) sections are indicated on floor maps and aisle guide cards

revised February 15, 2019

## HOW TO FIND A BOOK

### 1. *Identify the library/location*

Only books in SML (Sterling Memorial Library) are affected by the reorganization

Is the book in the stacks or other SML location (e.g., Manuscripts & Archives)?

### 2. *Make note of the call number and check the book's size*

“+” at the end of a call number indicates an oversize book

If a call number includes “Folio,” the book must be requested at the service desk or in the online catalog

### 3. *Match the call number and size in the chart at right to find the correct floor*

### 4. *Use maps on each floor to find the section where a book is shelved*

Follow the guide cards at the end of each aisle

Press white button to turn on aisle lights

## LC CLASSIFICATION
